Black

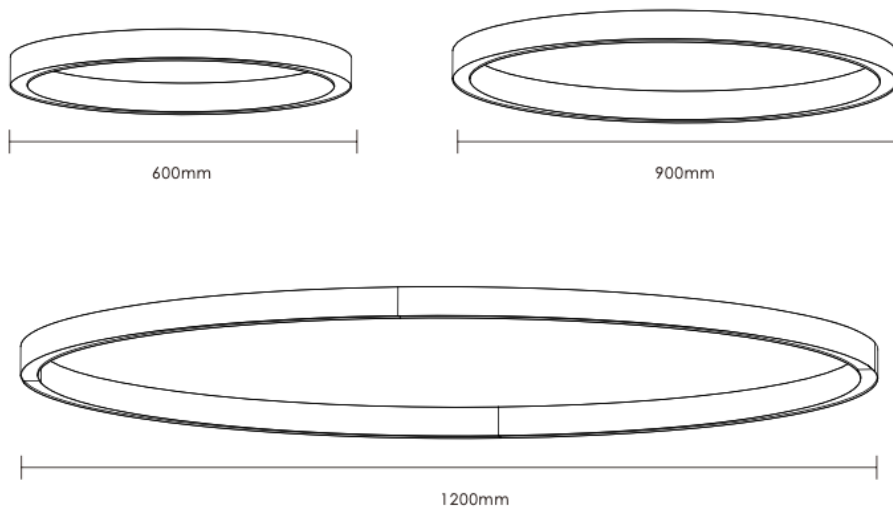

White

Round luminaire housing in aluminium, rolled profile, seamlessly welded; surface powder coated in white, grey, dark grey, black, beige or dark brown; Suspended luminaire with 1500 mm cable suspension; with integrated tool-less suspension height adjustment; Available in different versions and LED performance classes. Select the translucent cover for uniform illuminance, or the microprismatic variant for glare-free office lighting with an optimum UGR value of <19. Especially in large projects, the wide range of options has many benefits: the various performance classes mean that different room concepts can be implemented cost effectively and energy efficiently, while maintaining a clean and uniform design style.
